

# OHP 4500

## Digital On-Hold Audio System with Integrated Analog Phone On-Hold Adapter

the easiest way to create and play custom on-hold audio

WINNER

**Integrated Analog Phone Adapter Module** - Built-in module allows the OHP 5500 to provide on-hold audio capability to standard analog and KSU-less phone systems with up to four lines.

## Specifications

### ■ Sound Quality

The OHP 4500 utilizes ISD Chipcorder™ technology which was chosen for its superior sound quality over typical flash memory-based systems. Sound quality is comparable to systems with 128Kbps or better sampling rates

### ■ Input

External audio-in jack  
Internal slot for optional plug-in analog adapter module

### ■ Output

8Ω: 4 volts peak to peak  
600Ω: 8 volts peak to peak

### ■ Memory

Built in: 8 minutes non-volatile flash  
Expansion: 16, 24 or 32 minutes

### ■ Messaging

Maximum number of messages: 1

### ■ Connectors

Audio out: Four RJ-11 phone jacks (for connection to Standard analog phone lines) additional: RCA jack  
Audio in: 3.5mm mini jack  
Trigger: 2.5mm mini jack  
Power: 2.5mm power jack

### ■ Switches/Controls

Power on/off  
Monitor speaker on/off  
Volume  
Impedance 8Ω/600Ω  
Record

### ■ Power

12VDC @500mA  
Source 110VAC, 60Hz UL/CSA power pack

### ■ Physical

Size: 9" x 7" x 2.25" (LWD)  
Weight: 3 lbs.

## Features

- **Built-In Analog Phone Adapter Module** - Add music-on-hold to conventional analog and most KSU-less telephones with up to 4 lines and 50 station sets. Works with all types of phones...even cordless.
- **MessageStudio Software**- includes award-winning MessageStudio software which allows the user to create new on-hold audio content on their PC with a few mouse clicks...and then record directly into OHP 4000's digital memory (Windows 95 or 98 compatible).
- **Digital flash memory** design retains music/message content even during power loss...unit ships with preloaded audio.
- **LCD Control Panel** - displays program length, time remaining in unit's memory, and unit's status.
- **Trigger switch** - unit can be triggered to start program content from the beginning with an external trigger switch.
- **External Recording Capability** - audio input allows you to record from any external audio source (tape, CD or PC).
- **Built-In Monitor Speaker** - allows user to monitor sound with the flip of a switch.
- **Wall Mountable** - unit can be mounted, played and recorded in a vertical position.
- **3-year warranty**
