

OHP 5500

CD Autoload On-Hold Audio System with Integrated Analog Phone On-Hold Adapter

records audio from any ordinary CD to digital flash memory

Integrated Analog Phone Adapter Module - Built-in module allows the OHP 5500 to provide on-hold audio capability to standard analog and KSU-less phone systems with up to four lines.

TELECONNECT
Product
of the year **2000**

Specifications

■ Sound Quality

The OHP 5500 utilizes ISD Chipcorder™ technology, chosen for its superior sound quality over typical flash memory-based systems. 8KHz bandwidth provides sound quality comparable to systems with 128Kbps or better sampling rates.

■ Input

Built-in audio CD player or external audio-in jack

■ Output

8Ω: 4 volts peak to peak
600Ω: 8 volts peak to peak

■ Memory

Built in: 8 minutes non-volatile flash
Expansion: 16, 24 or 32 minutes

■ Messaging

Maximum number of messages: 31, programmable from audio CD (99 track capability with optional additional ROM chip.)

■ Connectors

Audio out: Four RJ-11 phone jacks (for connection to Standard analog phone lines) additional: RCA jack
Audio in: 3.5mm mini jack
Trigger: 2.5mm mini jack
Power: 2.5mm power jack

■ Switches/Controls

Power on/off
Monitor speaker on/off
Volume
Impedance 8Ω/600Ω
CD Controls - Record/Preview/Track Search/Track Select

■ Power

12VDC @1000mA
Source 110VAC, 60Hz UL/CSA power pack

■ Physical

Size: 11" x 9" x 4.5" (LWD)
Weight: 5 lbs.

Features

- **Built-In Analog Phone Adapter Module** - Add music-on-hold to conventional analog and KSU-less telephones with up to 4 lines and 50 station sets. Works with all types of phones...even cordless.
- **Digital flash memory** design retains music/message content even during power loss...unit ships with preloaded audio.
- **Integrated CD mechanism** - quickly and easily record high quality audio. CD media is easy and inexpensive to duplicate and distribute.
- **CD Autoload** - drop in a CD with a single track, close the lid, and the unit automatically records the content.
- **Multi-Track Programmable** - drop in a multi-track CD and choose which tracks and in what order to record.
- **LCD Control Panel** - displays program length, time remaining in unit's memory, and unit's status.
- **Trigger switch** - unit can be triggered to start program content from the beginning with an external trigger switch.
- **HoldTracks Audio CD** - choose new, royalty-free music from a prerecorded audio CD featuring a variety of music styles.
- **CustomWorks CD-ROM** - simple-to-use on-hold audio scriptwriting software allows users to create professional-sounding custom on-hold audio scripts in minutes.
- **MessageStudio Software Compatible** - works with award-winning MessageStudio software (available separately), allowing user to create new on-hold audio content on their PC and record directly into OHP 5500's digital memory.
- **External Recording Capability** - audio input allows you to record from any external audio source.
- **Built-In Monitor Speaker** - allows user to monitor sound with the flip of a switch.
- **Wall Mountable** - unit can be mounted, played and recorded in a vertical position.
- **3-year warranty**
